10) How do you think research works should be encouraged?

9 responses

- Incentive for reputed international publication
- Encouraging paper presentation in seminar
- Active incubation centre
- All of the above

11) Please write in brief (within 500 characters) about any suggestions to the college authority.

9 responses

Faculty exchange program as well as students exchange program could be encouraged.

The Surya Sen College Fraternity has been working hard towards achieving its goal and aims, the continuous perseverance shows in its ascending graph and rapid growth.

An effective student-teacher ratio, regular attendance of students in classes, active participation of all in various activities both academic and extracurricular, no doubt will escalate this process more in future.

Suggestion already given

Here are some suggestions for colleges:

Focus on student-centered learning and teaching methodologies.

Implement outcome-based education (OBE) and continuous quality improvement (CQI) processes.

Have a robust system of assessment and evaluation in place.

Promote research and innovation among faculty and students.

Encourage faculty development and empowerment.
