DEPARTMENT OF POLITICAL SCIENCE

MENTOR REPORT 2021-2022

The students of the department have been divided into four groups, each group under the guidance of one faculty. Each faculty organized counseling for their assigned group, where the students raised their common issues and concerns. Apart from the group sessions a few of the students came up individually to their assigned teacher to share certain problems that were bothering them, which were sorted out successfully by the department faculties.

The department organized career counseling for the 6th semester students as they had various questions and concerns regarding their future in academics. The faculties discussed with the students their prospects and how to prepare and apply for Masters. Those interested in going further with masters were also given extra classes in solving their doubts.
