TAILORING TRAINING (08.03.22 to 12.06.22)

As a girl child I, NSS Program Officer realized the importance of women's empowerment at an early age. I found that women in our society even today have to face a lot of challenges and do not always get the same opportunity to be self-dependent. I decided to work in the direction of finding solution for this problem. I learned tailoring at a young age and thought that this might be a great tool for the empowerment of underprivileged rural women.

We found that there is good demand for women's night-wear (Nighty) in the Siliguri market. So we started training for the same and successfully trained about 200 women in sewing professional-quality nighty. Since I am from commerce background, I also introduced the business aspect of tailoring to them. Most of these 200 women are now running successful independent tailoring business. Volunteers worked for 2520 men /day in 3 months

POCSO ACT 2012 AWARENESS AT JYOTSHNAMOY SCHOOL

15.03.22: The Protection of Children from Sexual Offences Act, 2012, (POCSO Act) and its corresponding rules were enacted with the objective of protecting children from a slew of sexual offences and introducing child-friendly judicial mechanisms for dealing with such offences. Yet, despite the existence of such comprehensive child sexual abuse laws in our country, the scale of such abuse is staggering. According to a 2017 survey conducted by World Vision India, one in every two children is a victim of sexual abuse in India.

We aware students of Jyotshnamoy School and asked them to identifying and realise the nature of abuse and raising voice against such abuse or harassment because many children do not understand the nature of abuse or harassment.
