Workshop on Vulture Conservation & Nature Study

ONE DAY NATIONAL WORKSHOP ON VULTURE CONSERVATION & NATURE STUDY

Organised By

ECO CLUB, DEPARTMENT OF ENVIRONMENTAL STUDIES, IQAC
SURYA SEN MAHAVIDYALAYA

In Collaboration With

HIMALAYAN NATURE & ADVENTURE FOUNDATION AND
BOMBAY NATURAL HISTORY SOCIETY

Venue: KCPMSH | Date: 21.09.2022 | Time: 11am-3pm

Chief Patron

DR. P.K. MISHRA
Principal
Surya Sen Mahavidyalaya
Siliguri - 734004

Sri Jayanta Moulik, President, G.B, SSM

Dr. P.K. Mishra, Principal, SSM

Dr. Bablee Mandal, Associate Professor, IQAC Coordinator, SSM

Sri Ranjit Kumar Barman, Convener Eco Club, Asst Prof, SSM

Resource Persons

Dr. Sachin Ranade, Scientist & Centre In Charge
Vulture Conservation & Breeding Centre, Rani, Guwahati

Mr. Soumya Chakraborty, Scientist & Centre In Charge
Vulture Conservation & Breeding Centre, Rajabhatkhawa

Sri Animesh Bose, Prog. Coordinator, HNAF

Eco Club

Report on one day National Workshop on Vulture Conservation & Nature Study. Objective: One of the workshop highlights was a closing discussion on how to improve capacity for the screening for poisoning in the black and griffon vulture populations.

An one day National Workshop on Vulture Conservation & Nature Study was jointly organized by Eco Club, Department of Environmental Studies & IQAC of Surya Sen Mahavidyalaya in collaboration with Himalayan Nature & Adventure Foundation & Bombay Natural History Society at seminar hall on 21st September, 2022.

Dr. Sachin Ranade, Scientist & Centre in Charge of Vulture Conservation & Breeding Centre, Rani, Guwahati and Mr. Soumya Chakrabarty, Scientist & Centre in Charge of Vulture Conservation & Breeding Centre, Rajabhatkhawa, Alipurduar, West Bengal glorified our campus as dignitaries by their presence in this one day workshop.

Number of participants: 115

College workshop dwells on ways to save the vanishing vultures

STATESMAN NEWS SERVICE

A national level workshop on Vulture Conservation & Nature Study was organized by the Eco Club and Department of Environmental Studies of Surya Sen Mahavidyalaya in the college campus here today.

Himalayan Nature and Adventure Foundation (HNAF) and the Bombay Natural History Society. In the workshop, Dr Sachin Ranade, Scientist, Centre in Charge of the Vulture Conservation and Breeding Centre, Rani, Guwahati, and Soumya Chakrabarty, Scientist, Centre in Charge, Vulture Conservation and Breeding Centre, Rajabhatkhawa, Alipurduar, West Bengal, spoke on why humans should save the vultures from extinction. It was not only a mere lecture session. The resource persons engaged all participating students through a 15-minute poster presentation.

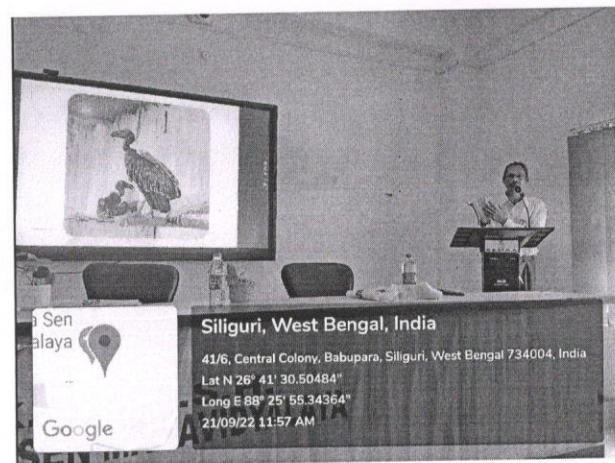

Convener Ranjit Kumar Barman and in-house teachers attended the workshop along with the students.

Multiple reports have suggested that the vulture population is declining in north Bengal.

Activities associated with HNAF have said that the vulture population has been shrinking in the entire region because of several factors especially the use of the banned drug diclofenac and non-steroidal anti-inflammatory drugs (NSAIDs).

Research through the late 1990s has revealed a sharp decline in vultures that activities later attributed to their exposure to the pain killer and its use in the veterinary and animal husbandry sectors. Later, in 2015, the Centre banned the multiple state and made only 308 vultures available for translocation. The vulture is an endangered species and has been listed in Schedule I under the Wildlife Protection Act, 1972.
