# APPLICATION OF ICT

ICT tools facilitate participative learning by providing interactive platforms where students can engage in collaborative activities, discussions, and real-time feedback, fostering a dynamic and inclusive learning environment. Additionally, through immersive simulations and virtual experiences, ICT tools enable experiential learning, allowing students to explore and apply concepts practically, enhancing their understanding and retention of knowledge.

for the year 2020-21

The screenshot shows a mobile view of a Google Classroom page. At the top, the time is 1:05. The page header features a green banner with the text "ECONOMICS 1ST SEMESTER" and an image of money. Below the banner, there are three main sections:

- Share With your class...**: A button to share the class.
- New material; Credit control mechanism of central bank.**: A post from yesterday with a document icon and a "Add class comment" option.
- Manomita Sarkar 5 Feb**: A post containing a Meet link: <https://meet.google.com/lookup/dadycre6qd?authuser=0&hs=179> and a "Add class comment" option.

At the bottom, there is another post from Manomita Sarkar dated 3 Feb, with the text "Today at 4:30pm I will take your class." and a "Add class comment" option. The bottom navigation bar includes "Stream", "Classwork", and "People" tabs.

In this pdf you will read-

1. Industrial revolution in great Britain.
2. Spread of Industrial Revolution.
  - a) Spread of Industrial Revolution in US.
3. Social Impact of Industrial Revolution. In this point to you will find many sub-points. One thing I want to say if it comes in the exam then try to write all this points but as all the points are large in size so just touch all the points and write the important part of the point.

**TRAGEDY: MEANING, ORIGIN** Slide 1 of 7

- Is a branch of drama based on human suffering. Terrible/sorrowful events befall a main character.
- Tragedy comes from a Greek word 'tragodia', 'tragos' goat, 'oide' - song - goat song - dramatic poem or play in formal language and having unhappy ending.

Few theories:

In ancient Athens, tragedy was performed on stage during the Dionysian festival in the honour of the god Dionysus.

Satyr - a mythological goat

---

- Goats might have been sacrificed during the festival
- Goats might have been the prize for writing a winning Tragedy.

When a writer's work was approved for presentation at the religious festival, the state assigned him actors and chorus.

Theater was financed by the Athenian state as an integral part of an Athenian religious festival - city Dionysia.

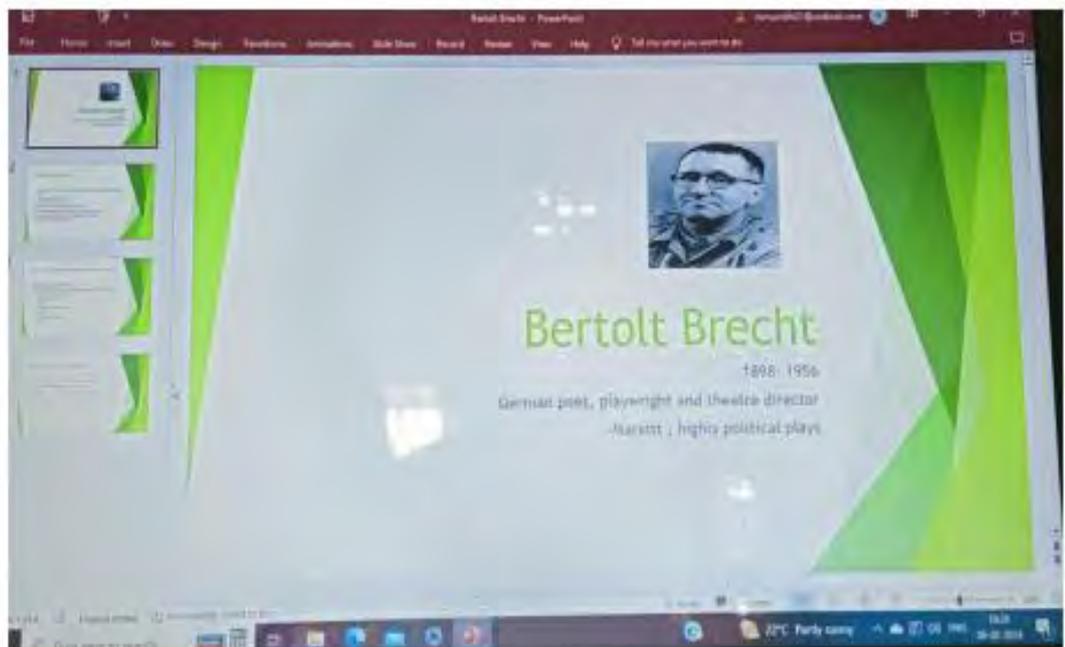

---

- Three writers were chosen to present their play by a magistrate called Archon.
- 1 writer = four plays tetralogy (three tragedies + one satyr)
- Actors
- Hired and paid by the state
- By the middle of the 5<sup>th</sup> century BC three actors were required for the performance
- Protagonist, deuteragonist, tritagonist

1. Power point presentation on Greek Drama

Presentation by Students on Twelfth Night by William Shakespeare

3. Presentation on German Author Bertolt Brecht

4. Workshop on Language Lab
