One Day National Level Webinar Organized by Dept. of Physics in collaboration with IQAC, SSM

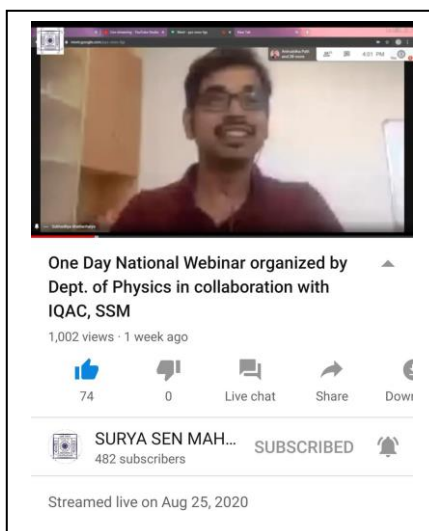

Date: 25.08.2020

Event Report

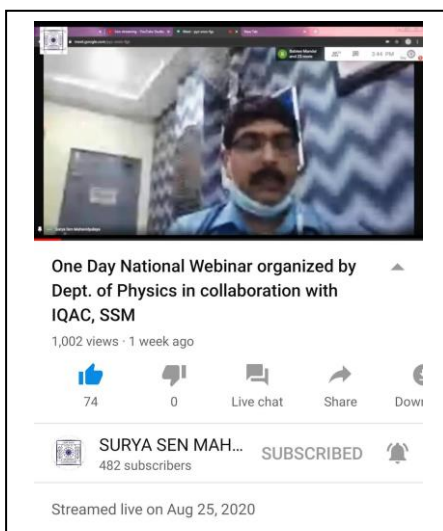

A National Level Webinar was organized by the Department of Physics in collaboration with Internal Quality Assurance Cell, SSM on August 25th, 2020 at 3:30 PM. Apart from a large number of participants from West Bengal, there were registered participants from outside WB like Tripura, Assam, Bihar, Himachal Pradesh, Uttar Pradesh, Jammu and Kashmir, Maharashtra, New Delhi, Andhra Pradesh, Hyderabad, Kerala, Karnataka, Chennai, Cochin and many other states. It is very encouraging that we have registered participants from Nasarawa State University, Nigeria and from our neighboring country like Nepal also. **Dr. Pranab Kumar Mishra**, Principal, Surya Sen Mahavidyalaya was inaugurated the event by delivering his welcoming address to all the participants and our esteemed speakers. **Dr. Arnab Baul**, Cordinator, IQAC, SSM was delivering his words of encouragement. The program was conducted in Google Meet platform (Google Meet Link - meet.google.com/pyz-xnzo-fgs) and also was streaming live in the Surya Sen Mahavidyalaya official YouTube Channel. “Though the pandemic caused a temporary slowdown, it cannot diminish the intelligence and determination of the scientific community. This is how webinars have become the new normal” – as initially mentioned by convener of the program **Dr. Romyani Goswami**, D-i-C, Dept. of Physics, Surya Sen Mahavidyala. Two esteemed speakers were delivering their lectures in this webinar. The first speaker was **Dr. Subhaditya Bhattacharya**, Associate Professor, Dept. of Physics, IIT Guwahati, Assam. He took all the participants through a fascinating journey of understanding and searching for Dark Matter content by his beautiful presentation entitled “In search of Dark Matter”. The next speaker is **Dr. Sanjib Bhattacharya**, Assistant Professor, Dept. of Engineering Sciences and Humanities, SIT Siliguri, West Bengal. He talked brilliantly on “Advancement of Science & Technology”. Both the sessions were much interactive by active participation of the faculties, research scholars and students joined in the webinar. After the panel discussion session, **Dr. Soma Adhikari**, organizing committee member

and faculty, Dept. of Physics delivered the vote of thanks. With the constant support of the Webinar Technical Team, the session was continued smoothly upto 7 PM. After ending of the event, one feedback link was shared in the Google Meet, YouTube Live Chatbox and also in two WhatsApp groups created for the Webinar and all the participants received the E-Certificate after successfully filling up the feedback form. In the feedback form some of the participants had written specific questions to the speakers which were not possible to address during webinar due to time constraint. Those answers were finally collected from the corresponding speakers and sent to the participants by e-mail.
